MEMORANDUM

TO   : Norbert Nez, Computer Operations Supervisor
Division of Community Development

FROM   : Sylvia Jordan, Principal Information Systems Technician
Roymond Willie, Information Systems Technician
Division of Community Development

SUBJECT   : Chapter Technology Profile Assessment

On Monday, July 21, 2008, we began a chapter technology profile assessment that was to include all 110 Navajo Nation Chapters. The information we intended to gather was in direct relation to the needs of the chapter and the current resources available to each chapter. We evaluated the chapters regarding their current computer inventory including Administrative and Public Access Computers, Internet Services for the Chapter Administration, Public Access Computers, on site internal network connections, electrical resources for Public Access Computers, picture documentation and future lab locations. We split the chapters into a 56/54 split due to time constraints and distance. Our team was comprised of Mr. Roymond Willie and Mrs. Sylvia Jordan, both currently employed by Navajo Nation Division of Community Development Technology Services. We work on a daily basis with all chapters and are familiar with the chapter network arrangement as well Chapter staff. We frequently assist most chapters in IT support per their request. Mr. Roymond Willie traveled to the Eastern Navajo Agency and Shiprock Navajo Agency. Mrs. Sylvia Jordan traveled to Western Navajo, Chinle and Fort Defiance Agencies. We concluded our Assessments on August 22, 2008. This is an executive summary of the Navajo Nation chapter public access library connections, resources, public access computers inventory and video conferencing equipment.

Our assessments were intended to provide records for Division of Community Development Technology Services web help desk database of all chapter equipment information for greater support services as well as verification of E-rate information, current Network information and future changes for upgrades. The information gathered at each chapter were to reflect the current status of each chapter as visited, such as current Internet Service Provider, equipment utilized, and chapter building layout. We also interviewed the available staff at each site for as much information of future plans to be supportive of the chapter in transition. We gathered documents when possible but were unable to completely gather all documentation. The summary of our assessments will reflect only a snapshot of the situation at each chapter during that time frame. Due to current remodeling, new buildings, and in other cases inaccessibility, current information may be incomplete or inaccurate.

Recent changes of available Internet Services throughout the Navajo Nation have caused some Navajo Nation chapter libraries to be without services. We will be documenting only the chapter libraries in this summary; the Navajo Nation chapter administrative internet services will not be included in this report. When interviewing the staff at each chapter, we have provided as much information as possible to ensure each chapter makes a knowledgeable decision regarding future services. In many cases we have also checked into the availability of DSL and discovery of when or if the service will be available in their area. We have additionally classified a library as having No Service if the library computers are not accessible to the public and services are not equivalent to the previous Internet Service. At this time 57 chapter libraries throughout the Navajo Nation have no previous equivalent services. In some cases the services received are inadequate for any possible use, thus being too slow, blocked or simply not working. Therefore we do not equate the current services with the previous services they had been served. Also no chapters are utilizing dial up services for the libraries, but some chapters have decided to either share administrative Internet Services or pay for chapter library services. Listed below are the chapter libraries not receiving adequate Internet Services during our assessment:

Chinle Agency – Black Mesa, Blue Gap, Hard Rock, Nazlini, Rough Rock, Tsaile/Wheatfields

Eastern Agency – Chilchiltah, Church Rock, Counselor, Crownpoint, Huerfano, Iyanbito, Lake Valley, Littlewater, Manuelito, Mariano Lake, Nageezi, Ojo Encino, Pinedale, Pueblo Pintado, Red Rock, Thoreau, Torreon, Tsayatoh, Whitehorse Lake,

Fort Defiance Agency – Crystal, Indian Wells, Kinlichee, Klagetoh, Oaksprings, St Michaels, Steamboat, Teesto, Whitecone, Wide Ruins

Shiprock Agency – Cove, Nenahnezad, Newcomb, Red Mesa, Red Valley, San Juan, Sanostee, Burnham, Two Grey Hills, Upper Fruitland

Western Agency – Birdsprings, Bodaway Gap, Chilchinbeto, Coalmine Canyon, Coppermine, Dennehotso, Inscription House, Oljato, Shonto, Tolani Lake, Tonalea

During our assessments, we gathered documentation about the recent deployment of Video Conferencing Equipment. Since we were not notified of the deployment or involved in the distribution of the equipment we were provided a master list of the proposed sites set for distribution. We tried to gather a copy of the Acknowledgement of Materials listing from each site after the deployment, but not all chapter staff was knowledgeable about the documentation or the actual date of installation. The Acknowledgement of Materials Listing is a listing of all equipment distributed to each chapter including the serial number for each Tandberg Codec 3000MXP, the equipment purchased through E-rate funds. We have verified each site with the following exceptions:

Eastern Agency-	Crownpoint Chapter Library Codec Serial No. 33a24314 was destroyed through vandalism.
	Thoreau Chapter Library Codec Serial No. 33a45793 was destroyed through vandalism.
Western Agency-	Tuba City Chapter Library Codec Serial No. 33A45750 was stolen in the Spring of 2007.

A few Codecs were never delivered these are:

| Eastern Agency- | Nageezi Chapter Library Codec Serial No. 33A24462 was never delivered to the site. |
| Western Agency- | Coalmine Canyon Chapter Library Codec Serial No. 33A24424 was never delivered to the site. |

Fort Defiance Agency- Navajo Nation Library Codec Serial No. 33A45300

was never delivered to the site.

Shiprock Agency-   Beclabito Chapter Library Codec Serial No. 33A24463 was refused by the chapter due to miscommunication about who would pay for the equipment and was never delivered to another site or accounted for.

The information gathered from these sites indicate the staff was never prepared for the equipment, briefed on insurance procedures, trained on any equipment and in some instance told not to touch it. The confusion as to who owns the equipment is prevalent through many of the chapters. They simply are not sure who is responsible for the training or maintenance of the Video Conferencing Equipment.

We have documented most chapters through digital pictures as well as the current set up. We are including these with this report. It also includes scans of layouts, Acknowledgement of Materials listing and inventory when we can get them.

NN Chapter Tandberg Verification

Agency	Chapter Name	Tanberg Serial No.	Notes
Chinle			
	Black Mesa	33A45753	Change location of Server to Conference room.
	Blue Gap	33A45473	Chapter admin requesting VOIP services
	Chinle	33A24465	Chapter Meeting Building is undergoing renovations to the ceiling, additionally rooms will be changed around and currently no floor plan is available.
	Forest Lake	33A24413	Unable to retrieve serial number, keys were unavailable.
	Hard Rock	33A45523	Daisy chained power strips for equipment. CSC requests server to be moved in to CSC office closet.
	Lukachukai	33A24449	Unavailabe VCE information, CSC office locked.
	Many Farms	33A45508	
	Nazlini	33A45751	
	Pinon	33A45749	
	Rock Point	33A45807	Chapter needs cabling redone for all computers.
	Rough Rock	33A45624	Currently not paying for services. Complaining of slow services, recommended Frontier DSL.
	Round Rock	33A45759	
	Tsaile/Wheatfields	33A45782	
	Tselani/Cottonwood	33A45692	
	Whippoorwill	33A45758	
Eastern			
	Alamo	33A24349	No VCE Form. Currently w/OnSat. Searching for alternative. Will not renew contract.
	Baca/Prewitt	33A24459	No VCE Form. Will fax inventory. <received 9/8/08>
	Becenti	33A24479	Not pleased with Frontier Dial-Up speed.
	Breadsprings	33A45799	Would like to relocate server to computer lab.
	Casamero Lake	33A24419	No VCE Form. Server box was taken down for remodeling. Never reattached to wall. Whereabouts unknown.
	Chichiltah	33A24477	No VCE Form.

Agency	Chapter Name	Tanberg Serial No.	Notes
	Church Rock	33A24392	OnSat for CSC only.
	Counselor	33A24457	No VCE Form. Fax finally arrived 9/4/08.
	Crownpoint	None	No VCE form. VCE stolen/found damaged. Master List shows 33A24314
	Huerfano	33A24461	Chapter gave new Gates computers to Boys & Girls Club (next building). Old OnSat equipment still located in what was the computer room. Sacred Wind has a computer room/training facility within Huerfano Chapter.
	Iyanbito	33A24207	No VCE form.
	Lake Valley	33A24391	No VCE form. Chapter discussing connection to Wild Blue.
	Littlewater	33A24191	No VCE form. Flat screen monitor stolen.
	Manuelito	33A24478	
	Mariano Lake	33A45527	No VCE form.
	Nageezi	None	Never received VCE. New building. Master list shows serial number 33a24462.
	Nahodishgish	33A24423	New renovations.
	Ojo Encino	33A45779	No VCE form. Would like to relocate service box into computer lab.
	Pinedale	33A45762	No VCE form.
	Pueblo Pintado	33A45778	No VCE form.
	Ramah	33A45747	No Fire Evac Plan or Inventory. Remaining faxed 9/4/08.
	Red Rock	33A45786	Looking for alternative. Dial up too slow.
	Rock Springs	33A45795	No VCE form.
	Smith Lake	33A24168	No VCE form.
	Standing Rock	33A45754	No VCE form.
	Thoreau	None	Chapter broken into and all documents distroyed along with all computers and video conference equipment. Master List shows 33a45793
	Tohajiilee	33A45787	Have not received anything from Tohajiilee. Received all forms - faxed 09/30/08.
	Torreon	33A45713	No VCE form. Left forms with Mr. Toledo. Did not receive fax until 9/4/08.
	Tsayatoh	33A45524	
	White Rock	33A45819	No VCE Form.
	Whitehorse Lake	33A45468	No VCE form.

Fort Defiance

Agency	Chapter Name	Tanberg Serial No.	Notes
	Cornfields	33A24481	
	Coyote Canyon	33A24192	No VCE Form.
	Crystal	33A45459	
	Dilkon	33A24187	Stable network.
	Fort Defiance	33A24420	
	Ganado	33A24458	
	Greasewood Springs	33A45336	All previous equipment, including switch removed by DPS officer. No transfer of equipment was made, requested or signed.
	Houck	33A45559	Unable to see VCE due to locked CSC room.
	Indian Wells	33A24348	The Building is new but the patches in the walls were not set up correctly and one of the rooms slated for equipment is an office.
	Jeddito	33A45783	Connection basically for the Lab and the OS computer- CSC office does not have connectivity.
	Kayenta	33A24202	
	Kinlichee	33A24474	
	Klagetoh	33A24422	
	Low Mountain	33A24397	Moving forward with Dial up
	Lupton	33A24508	
	Mexican Springs	33A24426	Moving to new location. Double Wide Trailor will be new chapter.
	Nahata Dzil	33A24396	No staff around. Computer Lab not at full capacity due to electrical load. Chapter manager states that electrical work will need to be completed soon.
	Naschitti	33A45781	No VCE form.
	Oaksprings	33A45794	
	Red Lake #18	33A45752	
	Sawmill	33A45760	
	St Michaels	33A45792	
	Steamboat	33A24186	Trying to obtain other ISP services for faster connection.
	Teesto	33A45764	Change of location of Computer lab.
	Tohatchi	33A45697	No VCE form.
	Twin Lakes	33A45510	No VCE form.
	Whitecone	33A45391	

Agency	Chapter Name	Tanberg Serial No.	Notes
	Wide Ruins	33A45756	
Shiprock			
	Aneth	33A24388	No VCE Form.
	Beclabito	None	Refused delivery of Video Conference Equipment. OnSat equipment stolen. Master list shows 33a24463.
	Cove	33A45511	No VCE form.
	Gadii ahi	33A23847	No VCE form.
	Mexican Water	33A24480	Old Gates system sits below server box and the rest are connected wirelessly in conference room.
	Nenahnezad	33A45744	No VCE form.
	Newcomb	33A45809	No VCE form. Computer lab not connected because he is afraid of adding to his Frontier DSL bill.
	Red Mesa	33A45720	No VCE form. CellOne will operate a cmputer lab with 5+ computers. Lab will have instructor/attendant. Unsure if lab will be for public use.
	Red Valley	33A45748	No VCE form.
	San Juan	33A45790	Old OnSat equipment still in old chapter. Waiting for tower to be constructed by local school district for high speed internet.
	Sanostee	33A24475	No VCE form. Wants server moved into closet located within computer room.
	Sheep Springs	33A45723	
	Shiprock	33A45337	No VCE form.
	Sweetwater	33A45717	No VCE form.
	Teec Nos Pos	33A45798	No VCE form.
	Tiis Tsoh Sikaad	33A24195	No VCE form. Chapter would like server case moved to new computer room.
	Tse Daa Kaan	33A24389	No VCE form.
	Two Grey Hills	33A45722	No VCE form.
	Upper Fruitland	33A45821	No VCE form. New building - old OnSat equipment in old chapter house.
Western			
	Birdsprings	33A45791	No VCE form.

Agency	Chapter Name	Tanberg Serial No.	Notes
	Bodaway Gap	33A45281	Requesting new cabling for chapter meeting building. All computers at this time non used due to change in ISP and changes in Chapter building. Computer lab room currently to be renovated to accommodate community members.
	Cameron	33A24448	Recent change in ISP. All computers now connected. New switch and new WAP. All other equipment set aside.
	Chilchinbeto	33A24460	Administration Building a trailer and no plans to move to another building at this time.
	Coalmine Canyon	None	Never received any video conferencing equipment. Master listing shows Serial No. 33a24424.
	Coppermine	33A24421	Unable to get serial number for equipment due to Bessie Armijo's, CSC locked doors.
	Dennehotso	33A24350	No VCE form. Frontier DSL Modem located in front office.
	Inscription House	33A24390	Chapter Administration requests to have computer lab moved to Chapter Meeting room. No connection available at this time.
	Kaibeto	33A45689	Recently reconfigured all equipment for DSL.
	LeChee	33A24190	PAC computers are currently at the Boys and Girls Club, equipment has been turned over for supervision to Teresa Hatahlie, Club Manager. Video Conferencing equipment staying at the Le Chee Administration Building.
	Leupp	33A24425	All equipment located at the Recreation Center Boys and Girls Club.
	Navajo Mountain	33A45725	Chapter very frustrated with On Sat's speed.
	Oljato	33A45777	Chapter will be moving into an new modular building. Currently no services.
	Shonto	33A24418	Computer Ara will be remodeled in different area of chapter. Front area of Chapter Administration area to be remodeled for community computer area.
	Tolani Lake	33A45746	ISP services paid quarterly. Invoices attached.
	Tonalea	33A45769	Future Site for Server location - CSC office. Staff unhappy with current services.
	Tuba City	None	Tuba city Chapter had their Tanberg Codec stolen last year. The Serial number was 33A45750

| 3RD QUARTER | 3RD QUARTER | | | Fourth Quarterly Report: | | 4th Quarter | 4th Quarter |
New ISP	COMMENTS	Faxed in ISP Report	Respond Verbally	DATE:	BY:	New ISP	Comments
On-Sat(Admin)/ No Public IS	5/14 /E.Hardy. Switch to Frontier,but went back w/OnSat .	x					
Frontier H.I.S (Admin)/No Public IS	No Publlic IS, but in the process of planning.	x					
No Internet Services	We did not have IS. Hugh net installed their equipment recently and turned it on Aug. 11,08;S.Jordan has info.	x					
Frontier Admin	No problems w/Frontier. We only have Internet for office (chapter staff), there is none for the public.	x					
No Internet Services	No comments.	x					
On-Sat(Admin)/ No Public IS	Faxed LGSC forms, but never received them back.		x				
Frontier DSL	No comments.	x					
Frontier(Admin)/No Public IS	5/15 -Wenifred Page. In the process of working w/Wild Blue & Hugh's.	x					
Frontier Admin/Public	No comments.	x					
Frontier(Admin)/ No Public IS	Community-no provider since On-Sat. Applying w/Frontier.	x					
Frontier(Admin)	Call 5/14 C.Lister.Computers taken to Boys/Girls Club. Under 21 can only utilize it.	x					
On-Sat							
On-Sat Admin/Public IS	Call 5/14 C.Riggs, Recept. Still w/On-Sat	x					
No Internet Services	Internet is the same as the last report-No repairs yet! Internet does not work	x					

Frontier Dial-up	Dial-up sevice is really slow, m Still waiting for DSL thru DCD.	x					
Frontier H.S.I(Admin)/ Public IS	No comments.	x					
Frontier(Admin)/ No Public IS	V.Nock.-Always been that way... No Public access.	x					
On-Sat (Admin)/No Public IS	Call 5/15 V.Huskey,CSC.Can't afford Public IS, thought/waiting for NN to take care of it.	x					
Frontier Dial-up(Admin)/No Public IS	No comments.	x					
On-Sat Admin/Public IS	Internet is very slow.	x					
On-Sat	We never had any outage on our IS	x					
Frontier Admin/ No public IS	No comments.	x					
Frontier Admin/Public	Printer set-up is not working after changes were made, customers have to copy it in the office	x					
On-Sat(Admin)/ No Public IS	For this quarter, chpt paid On-Sat for IS. Did price comparison, Osat was the cheapest, many other providers don't/can't services us, including Frontier.	x					
Frontier Dialup	Have dialup, but was set up in a different office. Not satisfied. Mid July-HIS	x					
Frontier(Admin)/On-Sat Public IS	Public IS is on w/On-Sat, but chpt is not paying for it.	x					
Frontier Admin/On-Sat Public	Speed of public computers-Internet very slow and shuts off before time limit is up. Need to be faster, per time limit set-up.	x					
No Internet Servisce	W.Bennett-Wants some reccommendations	x					
Frontier Admin/Public	Frontier (since changed) has been better.	x					

Frontier Admin/Public IS	No comments.	x				
On-Sat	Hava DSL capabilities.	x				
Frontier Admin/Public Wireless	IS has always been on in the computer room, one computer needs change of time , fom 30 mins to 1 hr.	x				
No Internet Services	No Services-Disconnected	x				
Frontier H.S.I	Frontier is great! I would fully recommend their service	x				
Frontier(Admin)/ No Public IS	DSL is good- excellent service for us. Broadband- wireless laptop can access.	x				
Frontier Admin/Public	7/15-On-Sat pulled out May 2008	x				
Frontier(Admin)/ No Public IS	5/30-No public access since On Sat shut-down.	x				
Frontier Admin/ No Public IS	Chpt is requesting to be connected bk w/On-Sat, due to 7 new comp.set up in our com.rm. Only 2 hook up for IS. Community complaining.	x				
Frontier Admin/Public	Everything running great w/Admin and in the Computer Lab.	x				
Frontier Admin/Public	6/3-LK.Arviso. Reconnected May 19'08.	x				
Frontier Admin/Public	Discontinued services w/On-Sat 4/30.	x				
Frontier Admin/Public	5/14-B.Cummings-PD came by took some equipment.	x				
Table Top Admin/Public IS	On-Sat acct. closed on June 15, 08.	x				
No Internet Services	5/30-C.Mike/OS. No services since On-Sat shut-down.	x				
Wild Blue Admin/ Public	No comments.	x				
On-Sat	Will be changing to Frontier next mth. The IS goes out when it gets cloudy, windy or when it's raining or snowing.	x				
On-Sat Admin/ No Public IS	We need the community internet turned back on-people are constantly asking.	x				

TableTop(Admin)/No Public IS	No longer w/On-Sat. No public computers running.	x					
Frontier DSL	No comments.	x					
Table Top Admin/Public IS	6/3-A.Dixon. Change from On-Sat to Table Top Tele. Comm/	x					
Frontier Admin/Public IS	No comments.	x					
Frontier Dial-up Admiin only	made available when transferred to Frontier. Understand service, connect is very slow.	x					
Frontier Admin/Public IS	There might be a block on the CSC computer. Can't email . Might contact Frontier to check it out. Public printer is out.	x					
Frontier Admin/Public	Need another computer.	x					
Fronjiter Admin/No Public IS	Need to know where to call when technical/IS are needed. Please provide # on where to call.	x					
Frontier(Admin)/ No Public IS	Discontinued services w/On-Sat 4/30.	x					
No Internet Services	6/3-T.Joe. Application still pending w/Frontier.	x					
Frontier(Adimin)/ Public IS	No comments.	x					
Frontier Admin/Public	Called Tech Support-suppose to mail box to help divert Internet from Fox; haven't receive it	x					
Frontier Dial-up Admiin only	6/3-L.Bia. Set up for only one computer, really slow, no public access IS since On-Sat shut down. HIS mid of July	x					
On-Sat (Admin)/No Public IS	6/3-D.Baldwin. Where's the $ that was going to be used for the Bill Gates computers.	x					
On-Sat	No comments.	x					
Wild Blue Adim/Public IS	No comments.	x					
Frontier Dial-up	Needs improvement for faster services.	x					

Wild Blue(Admin.)	No comments.	x					
Frontier HIS	Better services	x					
On-Sat(Admin)/ No Public IS	What happen to the Chapter's webpage? No-info.	x					
No Internet Services	No comments.	x					
No Internet Services	No comments.	x					
OnSat(Admin)/ No Public IS	No comments.	x					
Sacrad Wind Admin/Public IS	No comments.	x					
No Internet Services	None	x					
No Internet Services	No comments.	x					
Frontier Dial-up Admiin only	HIS end of July	x					
On-Sat Admin/Public IS	Sacrad Wind/phone service	x					
OnSat(Admin)/ No Public IS	No comments.	x					
Sacrad Wind Dial-up (Admin)	No comments.	x					
Frontier Admin/Public IS	No comments.	x		9/19/08	Felicia John/OS	Frontier Admin/Public IS	ISP form is for Admin & Public use of computers.
No Internet Services	No comments.	x					
Frontier (Admin)/No Public IS	No comments.	x					
On-Sat (Admin)/No Public IS	No comments.	x					
Cibola Internet Services Admin/Public IS	Since Local PL-93-638 Dept. had access, they got added on. Mth. Fee of $10 per comp./6 comp. No wireless. Good connection.	x					
No Internet Services	Red Rock has not switch to another provider (but pending at this time).	x					

Service	Comments			Date	Name	Provider	Notes
Frontier Admin/Public IS	Having problems w/computer requested for tech support form; send 4th quarter form	x		9/19/08	Eleanora Jones/OS	Frontier Admin/Public IS	Services has been good.
Frontier H.S.I	5/22-D.Moses stated that DCD Tech did a good job.	x					
Frontier (Admin)/Public IS	Didn't install on 1 computer, waiting for them to come out.	x					
Sacrad Wind Admin/No Public IS	Someone vandalize computers. .	x					
Sacrad Wind	No comments.	x					
No Internet Services	No ISP. Gates computers @ trailer behind Torrean Chpt. unknown if wiring/serving/etc/ will be @ Chpt or trailer.	x					
Verizon Wireless (Admin)/No Public IS	5/28 R.Baker. We just received IS last week. This would be a trail of quality of service withing the next few months.	x					
Frontier Dial-up (Admin)/No Public IS	No comments.	x					
T1 Line from DIT Admin/Public IS	Tried calling, really hard to contact. Fax forms.		x				
Frontier (Admin)/No Public IS	5/28-E.Benally. Haven't been w/Frontier long enough, but will be happy to answer the Chapter IS Report.	x					
Frontier DSLAdimin/ Public IS	6/3-G.Kelly.V.P. Too many discretions w/On-Sat.	x					
On-Sat(Admin)/ No Public IS	Paid On-Sat directly to reconnect IS.	x					
OnSat(Admin)/ No Public IS	No comments.	x					
Frontier DSL Admin/Public	The chapter is currently on DSL through Frontier-we like the service.	x					
Fronitier Admin/Public IS	On-Sat wasn't dependable, really satisfied w/Frontier DSl. Only used to On-Sat Wireless.	x					
Wild Blue(Admin.)/No Public IS	No comments.	x					

No Internet Services	5/28-A.Bavaro. Use Alltel on Laptop for Admin work.	x					
Frontier DSL(Admin)	No comments.	x

RE: Internet Problems

Inscription House Chapter has been without complete Internet service for about 2 months. I contacted On-Sat who informed us that a special part needs to be ordered or is on order. Of course we wait, they (techs) has been to the site taken the Aloha box and other stuff, and brought them back replaced and reconnected the lines. But we still don't have Internet service. We have been calling and the answer is always, a special part is on order. My concern is who is paying for the service that we are not receiving? Who is ensuring that all chapters are not loosing service or experiencing downtime, when (to my understanding) the service is being paid by a grant. Are we able to get credit? It's a lot of down time for costly service not being provided. If the chapter had to pay for the service we definitely would bow out and opt for other reliable service provider.

Please call ... 928 672 2337...

Thank you,

FROM: Nancy Chee, Community Services Coordinator
          Klagetoh Chapter
          Fort Defiance Agency

DATE: February 28, 2007

SUBJECT: Requesting E-Rate Funding for recurring cost of DSL Service from Frontier
          Communications for Klagetoh Chapter

This letter is requesting the assistance of the NAVTEC Program under the Division of Community Development to provide funding for the recurring cost of Digital Subscriber Line (DSL) service from Frontier Communication Company. Per our conversation, you stated that there is the possibility of funding for recurring cost of DSL for chapters that request in writing and ensure that there community is provided the service of high speed internet. Currently, Frontier Communication has upgraded the cabling that runs through the community of Klagetoh, Arizona. We are fortunate due to the fact that the Wide Ruins Community School received a dedicated T-1 Line through the E-Rate Grant; this enables the chapter to request the extension of services that the current phone company provides to its customers in the Klagetoh and Wide Ruins communities.

Based on our conversation, you stated that E-Rate Funding is available for the recurring cost that provides Internet connectivity to the Bill & Melinda Gates computers located at the chapters throughout the Navajo Nation. Our main problem is the level consistency for the Internet connectivity provided by On Sat Communication Company. The satellite fed Internet connectivity is slow and is unavailable about 35% of the time during operating hours. The chapter recently received new computers granted by the Bill & Melinda Gates Foundation which increased the Internet usage and may put a strain on the current level of connectivity through On Sat's satellite system. Therefore, we requesting assistance in the form of funding to cover the recurring cost of DSL provided by Frontier Communication Company. The Klagetoh Chapter will be responsibility for the initial installation cost which is approximately $500.00 for a business install of DSL service which would provide connectivity to the 8 computers utilized by the community of Klagetoh, Arizona.

As a Chapter, we respectively request that our need for E-Rate funding be granted to provide knowledge to our community members and opportunities for educational advancement through a stable connection to the outside world via the Internet. Thank you for your time and consideration regarding this request for E-Rate funding for Internet connectivity.

HOGBACK COMMUNITY CHAPTER

August 22, 2007

MEMORANDUM

TO: Arbin Mitchell, Division Director
       Navajo Nation Division of Community Development

FR: *Anita Hayes*
       Anita Hayes, Chapter Manager
       Tse Daa K'aan Community Chapter

RE: Internet Services/Equipment Update

This information will reflect the internet services that Tse Daa K'aan Chapter is currently utilizing for day to day communication during regular business hours.

The primary internet service being used is from Frontier Communication DSL Internet Connections which is used on a daily basis for administrative purposes along with connections to three of the Gates computers that are servicing the public access computer lab.

We have had the DSL Internet Services through Frontier for about two years beginning in March 2006. Since we have been using DSL service connections, we have had uninterrupted internet services unlike On Sat.

Tse Daa K'aan Chapter was a recipient for 12 Gates Public Access Computer Lab which are connected to the On Sat satellite dish which is located on the roof of the facility. The lab is located within the chapter facility.

The computers are available to the public and are still being used for that purpose. Although, we have had numerous break-ins and some hardware destroyed or stolen, we still maintain the lab utilizing what resources the chapter has. Again, these systems are connected to On Sat whenever the server is in operation.

If there is additional information you may need, I can be contacted at (505) 368-1599. Thank-you.

Re: Internet services for Kayenta Chapter

Dear Mr. Mitchell:

The Kayenta Chapter is providing internet services to the administration office and public access computers. Our internet service provider is Frontier and they provide DSL. The chapter upgraded in June 2003; the satellite is no longer in use and is stored in the chapter warehouse. If you have any questions regarding this matter, please contact our office at (928) 697-5520. Thank you.

Re: Requested Statement on Internet Service – 8/21/07

We are most happy that you are wondering where we are with our internet service. About 3 years ago I requested in writing to transfer Erate payments to Frontiernet so that the DSL can be paid for, and save the chapter funds. I have yet to receive a letter from your tech group/ or someone. If this detail request for a statement ASAP would precipitate a decision and save the chapter funds, great.

Shiprock Chapter's administrative DSL network has been provided by Frontiernet for the past 2 years. We are dissatisfied by OnSat's satellite internet service.

The public access Gateway computers are on the OnSat system. There was an audit completed by the Auditor General's office regarding the disposition of the satellite and computer equipment. You should have access to the AG's report. The equipment is still in use by the public and is located within and on the chapter building where they were initially installed.

I am hopeful that a decision can be made on my request for erate transfer. Thank you.

RE: DISCONTINUATION OF ON SAT SERVICES

Dear Mr. Mitchell:

This statement is provided upon your request for clarification on our discontinuation of On Sat services at the Dilkon Computer Lab.

Our public access computer lab began using DSL services with Frontier Communications on September 5, 2005. Prior to that date, we had unreliable satellite services, and were unsuccessful in obtaining adequate or reliable customer support and technical support from On Sat.

Also, during that summer, On Sat conducted a site visit, during which time they took parts from our system to set up the Dilkon Police District with wireless services. There was no official transfer of property, and no written request to do so. Their response was, "we were authorized by the Division of Community Development," to transfer parts. I objected and ask for written documentation, but they apparently acted on behalf of the Davison. As a result, we have no idea what was taken, and assume no responsibility, since On Sat claims they were directed by the Davison of Community Development

We had a Program Manager, John Wilson, in the NAVTech Program Office during that time. He may have additional information about the system. If you have any questions, you may contact me at (928) 657-8100.

Sincerely,

Carol J. Davis, CSC

Subject:

Please pass this on to E-Rate selection committe in Window Rock.

Sweetwater chapter is located in a remote area, we do not have land line communication in the community. We do have cell phones but the reception is not good, we have to go drive around to find a connection wave on top of a hill to make calls (leaving our office).It would make life easy if our office has fasimile equipment, this will eliminate driving to Agency office (120 miles rt), of course we can only have these type of equipment if we had a good strong cell signal, I just mentioned we do not have this.
Back in the year 2000, Bill and Melinda Gates donated computers, all the equipments and Internet that operates from a satelite. This was and stays our ticket to connecting to the outside world from our community. At the time when the equipments and internet were installed, it was alot better and faster loggin on. It may be that the bandwidth is not sufficient due to Head Start and other department connecting on to the same width. we still use it as the main line of communication to our chapter and alot of community people use it. However, I feel that On-Sate needs to provide a better quality internet service to reservation communities. I hear E-Rate pays for the services to ON-SAT by millions of dollars a year. The chapters will take over the bill when e-rate has exhausted their funds but we need to pay for a quality services.
Thank you for reading our email. Sarah Lee, CSC

Subject: ONSAT Communication System

Becenti Chapter has been without internet service over one month now. The first reason the internet was down was due to a faulty motherboard in the router. The second was due to unknown problems. Scott from Utah called me and he led me through the troubleshooting process but we were unable to resolve the problem. Both times he said he would contact the Window Rock office. Each time I did a follow up with Window Rock they did not know the status of our system and they would call Scott for information. Window Rock does not return my calls to inform me of the problem.

I use the internet to do a lot of chapter business such as updating the chapters capital improvement project information on the Navajo Nation and State of New Mexico's Capital Improvement Website as well as keeping the chapter officials updated on chapter projects, etc.

I would appreciate your help in this matter. If you need more information please contact me at (505)786-2283/2284.

MEMORANDUM

TO: e-Rate Selection Committee Members

FROM: Gloria M. Skeet deCruz, CSC

DATE: 13 February 2006

RE: **Quality of Internet Services at Bread Springs Chapter**

....

The purpose of this memo to is to provide the e-rate selection committee with feedback on the internet services at Bread Springs Chapter House.

Overall, if the Office Specialist, Guarena Adeky, and myself, were asked to rate our present internet service providers on a scale of 1 to 5, we would rate them at 2 ½ for the following reasons:

> No training is given to new employees (neither myself or the Office Specialist have received any training since the beginning of our employment to date)
> Contact information is not available
> There are many occasions when the network is slow to extremely slow
> Internet service can be particularly slow during cloudy days and/or during inclement weather

I hope you will find this feedback helpful as you make your selection. Internet services are extremely important at Bread Springs Chapter. It becomes frustrating when internet services are down and over 50% of your work load is dependent on these services. Despite these frustrations, we are grateful that we even have internet services at the chapter. I would like to see the quality of internet services improve in our rural Navajo Nation chapter communities.

XC: Chapter Officials
    Guarena Adeky, Office Specialist

February 13, 2006

TO ERATE Selection Committee, Window Rock

Please share this with your tech group and ERATE Selection Committee at Window Rock.

The Shiprock Chapter is extremely dissatisfied with the OnSat satellite service hooked up to Chapters across Navajoland. Since, OnSat came with the Gates computers and that a grant pays OnSat for the poor quality service, we here at Shiprock Chapter "grinned and beared" for a long time. Trusting the technology sold to Chapters we had our office systems networked in to the OnSat system.

We have project development that requires staff here to receive and transmit files, particularly maps and graphics, which OnSat is unable to attach to email.

The Shiprock Chapter office systems since May 2005 has acquired DSL service through Frontier that we are very satisfied with. However, the Gates systems are still on OnSat as a grant covers payment. We would like the grant that covers payment to OnSat for the poor quality service to be transferred to the Chapter so that we can provide DSL service to the Gates system.

OnSat wireless has been sold to Window Rock and Shiprock Chapter provides the space for the equipment locally, but this also is not worth the grant money paid to OnSat.

President Shirley has publicly announced that Navajo police units will be equipped with wireless to access criminal records data base. Who is being snowed with this pipe dream? We can't even attach a simple Excel file to send to Window Rock Capital Improvement Office so projects can be moved. Thus far, a Shiprock Police unit that is equipped with wireless can't even stay online long enough to access a criminal records data base.

Further, word is that bandwidth is being (hogged) usurped by President Shirley's campaign 2006. In other words, the grant funds to pay OnSat for Chapter satellite systems is now paying for President Shirley's key staff's home satellite installations where bandwidth are jacked up. Why should President Shirley's staff have home satellite systems installed and not other members of the Navajo Nation? Surely, the staff already has access to DSL in their office.

'Hope you have a solution to improve on a poor quality service that is on a gravy train!

TO: Mr. Norbert Nez, Computer Operations Supervisor
       Division of Community Development
       The Navajo Nation

FR;   _____
       Herman Tso, CSC – LeChee Chapter

RE: Requesting E-rate Funding for Recurring Cost of DSL Service from Frontier
Communications for LeChee Chapter

LeChee Chapter is requesting the assistance of the Technology Services under
the Division of Community Development to provide funding for the recurring
costs of Digital Subscriber Line (DSL) service from Frontier Communications
Company. We have been notified by Frontier that our chapter has the option of
receiving DSL services.

Based on the information we have received from various sources, E-rate funding
is available for the recurring cost that provides internet connectivity to Bill &
Melinda Gates computers located at our chapter, as well as our for our Chapter
administration. Our problem is the level of consistent internet service currently
provided is not adequate for our public access and chapter administrative
needs.

Therefore, we are requesting assistance in the form of funding to cover the
recurring cost of DSL provided by Frontier Communications Company. Frontier
currently provides DSL for the LeChee Chapter administrative offices but we will
need another line for the 10 computers in the computer lab. LeChee will take the
responsibility of paying for this additional line.

LeChee Chapter respectfully request that our need for E-rate funding be
granted as this will enhance the knowledge of our community members and
provide educational advancement through a stable connection to the outside
world via the internet. Thank you for your consideration and assistance
regarding this request for E-rate funding for internet connectivity.
